Letter No 36 | BTL | 61.62 | 447 dt 30.1.62 from the B.L.O. Hunsur

1) Submitted for perusal. The B.L.O has forwarded draft notfn. under Rule 5 of the Mysore Irrigation Rules 1962 in respect of the R.D.S. The draft notfn. is exactly similar to the one which was published in the Gazette in respect of the TSR.

2) The draft notfn is in order. The necessity to the draft is for publication in the Gazette

Note.—Contn. Sheet

File No. 1 MRD of 1952

Mysore Government Secretariat

Serial No. 190 LA 1962

Notification under Rule 4 3 issued in my case. Under Rule 4, a notification has to issue Under Rule 4, the sanctioning authority has to issue a Notification indicating the intention to commence a work and of actual sanction accorded to that work. In my case, however the work viz the R.D.S is already in the process of construction and nearing completion. Hence publication of notification under Rule 4 3/1 is not necessary. Therefore not considered notification under Rule 1 may be considered for publication. May be returned to the L.D with ref to para 3 ante.

File No. ITRD of 1962.

Serial No.

6) Submitted with ref to para 4 ante. File No. PWD 91 MPP 61 has been submitted separately already as has been pointed out, in that file, Notifications under Section 5 have been published in similar cases viz. Chatrapathy Project etc. This is consultation with L.D. Therefore the L.D. may be requested upon to agree with the proposal for issue of a Notification under Rule 5 in this case also. The question of amending rule 5 may be taken up later.

13/6/62

2)

7) With reference to Para 5 above, the opinion of the L.D. recorded in file No. PWD 91 MPP 61, is reproduced below:-

" In this case the irrigation work was commenced before rules were made in this behalf. Notification under rule 4 could not therefore be issued as the work had already commenced. It does not appear to be possible to issue any notification under rule 5 in respect of this irrigation works since the use of the expression 'also' contemplates the issue of a notification under rule 5 after a notication under rule 4 has been issued. In respect of old constructions therefore a notification under rule 5 will not be legally in order. A notification under rule 5 can be issued only in those cases which are covered by rule 4. Hence the Administrative Department may consider the question of amending rule 5 by delating the word 'also' from rule 5."

File No. PWD 1 HRD of 1962.

Mysore Government Secretariat

Serial No.

8) With reference to the above remarks of the L.D. it is submitted that the Ghataprabha L.B.Canal project is also one of the so called old Constructions. In respect of that project, the notification under Rule 5 of the Mysore Irrigation (Levy of Betterment Contribution) Rules 1961 was published after scrutiny by the Law Department, even though no notification under Rule 4 was published. Similarly in the case of Nugu High Level Channel from Nugu Reservoir and Nugu Left Bank Channel from Halsoor Anicut, the notifications under Rule 5 have already been published. Therefore, there ought not to be any difficulty in the issue of a similar notification in respect of this project viz., the Rajalbunda Diversion Scheme.

9) Further, Betterment Levy Units with considerable staff have already been sanctioned by Government for the assessment of Betterment Levy. Unless the notification under Rule 5 is published, the Betterment Levy Officer cannot proceed with his work. If, as suggested by L.D. the Rule has to be amended it will take time and till then the Betterment Levy Officer and his staff have to be without work. In the light of the precedents relating to other projects referred to above, the notification under Rule 5 in respect of this Project will have to be finalised and issued urgently. Therefore, L.D. may be requested draft of the notification under Rule 5 to enable publication of the same in the Mysore Gazette.

before the notification under Rule 5 is published
